For Immediate Release

SPECIAL DISTRICT PRESENTATION BY GRADE 3 STUDENTS FROM MONTEREY ELEMENTARY SCHOOL

The students of Darlene Horne's grade three Monterrey Elementary class are taking over proceedings at Monday night's year end School Board meeting.

However, School Board Chair Michael McEvoy is anything but concerned.

"These are wonderful students who have raised almost \$2,000 for less fortunate children in Mexico by doing read-a-thons", McEvoy said, "On Monday they will get a chance to show us their literacy skills by joining us at the Board table to read to trustees".

The student of the day will also have the opportunity to bang the opening gavel to commence the Board meeting.

Monday's meeting will have a special starting time of 7:30 to accommodate our special guests.
