

2011-2012 BACK TO SCHOOL NEWS

The Greater Victoria School District is pleased to report that all of our schools are ready to receive students for the 2011-2012 school year.

Central Middle School has undergone an extensive rebuild for seismic mitigation. Students will benefit from an essentially “new, reconstructed” school. They will enjoy a brighter, greener, more energy efficient facility and one which includes technological advances.

Victoria High School now has a new technical and vocational facility including power mechanics, wood working and automotive.

The Board Chair is pleased to announce that all current members of the Board of Education have indicated their intention to seek re-election in the upcoming municipal elections. This will allow the Board to continue their efforts to strongly advocate for public education in British Columbia and in our District.
