For Immediate Release: October 4, 2011

GREATER VICTORIA BOARD OF EDUCATION RESPONDS TO BCPSEA

The Greater Victoria Board of Education is asking the BC Public School Employers' Association (BCPSEA) to halt any further actions on potential employer responses to strike activity. Chairperson Tom Ferris stated that Greater Victoria Trustees felt that boards of education across the Province were being rushed into a decision. Greater Victoria Trustees believe that BCPSEA should do the prudent thing and reconvene a Trustee Representatives meeting to ensure that Trustees are given all information including the legalities and implications of potential employer responses to strike activity.
