

# Full of Opportunities

This is the time of the year for current grade 5 students to plan for three exciting years at middle school level (grades 6 to 8).

The Greater Victoria School District has ten exemplary middle schools that welcome all students to their responsive and safe environments.

In order to learn about the many choices available at our middle schools, parents/guardians and students are invited to attend the Middle School Information Nights that are listed below. The meetings will be held at the schools and begin at 7:00 pm.

- École **Arbutus** Middle School  
Wednesday, February 3, 2010
