RE: STATUS OF WI-FI COMMITTEE

The Board of Education approved a motion at their November 15, 2010 meeting to establish a committee to review the concerns relating to the use of Wi-Fi in the school district. Invitations to join the committee were sent to district Partner Groups on November 30, 2010 (Allied Specialists' Association, CUPE 382, CUPE 947, Greater Victoria Teachers' Association, Victoria Confederation of Parent Advisory Councils and the Victoria Principals and Vice-Principals' Association). CUPE 382 and CUPE 947 declined representation on the committee.

The committee held three public meetings and has heard from 26 members of our community. In addition, a large volume of information has been accepted in electronic form has been accepted from presenters and the public. After allowing time for the committee to review the submissions and information collected, a meeting will be held in May for the working group to discuss their findings.

It is the Wi-Fi Committee's intent to develop a report and present their recommendation to the June 13, 2011 Operations, Policy and Planning Committee. This date has been selected at the request of the Victoria Confederation of Parent Advisory Councils. The final recommendations from the Operations, Policy and Planning Committee will be presented to the Board on June 20, 2011.

A handwritten signature in blue ink, appearing to read "George J. Ambeault".

George J. Ambeault, Secretary-Treasurer
