We appreciate you taking the time to complete this survey. The survey should take about 10 minutes to complete.

Enrolment projections indicate that the Greater Victoria School District could see an increase of 2,000 students over the next 10 years. This means that some schools will be limited by space and unable to accommodate all of the students who wish to attend a specific school.

Student enrolment priorities determine the order in which students will get into a school when space is limited. These priorities have not been reviewed in many years and it is important that the priorities are widely understood and reflect the community's input. The results of this parent survey will help ensure a transparent and fair process for student registration at all grade levels including French Immersion and requests to transfer to a non-catchment school. This does not apply to Programs of Choice in secondary school (e.g. Flex, Challenge, sports academies). These programs are by application.

The findings of this survey will help the Greater Victoria School District better understand the opinions and needs of parents across all grade levels, neighbourhoods and schools.

This survey is for parents. If you are a student, please complete the survey linkedhere

## We Respect Your Privacy

We do not require your personal information for the purposes of this survey using SurveyMonkey. Your responses to the survey questions will not be attributed back to you individually; they will only be reported back in aggregate with the other responses received. When completing the survey please do <u>not</u> provide your name or address, or any other personal information that could identify you or other individuals. The Personal information submitted will be treated as though the School District has received your consent to disclose it to the Board of Education, staff and the public. ## **General Comments**

You have now completed the survey questions. We welcome any additional comments you would like to share.

19. Is there anything else you would like share about student enrolment?

## Thank you!

Thank you for taking the time to complete this survey. All of the input collected will be shared with the Transfer and Registration Committee - a committee of parents, students, staff and Trustees - and will inform their recommendations to the Board of Education in May 2017.

"What We Heard" will also be posted on the School District Website at www.sd61.bc.ca
