

Assistant Accountant - Payroll

<u>Position Description</u> | <u>Qualifications</u>

OVERVIEW

Under the direction of the Manager, Payroll and Benefits, the Assistant Accountant - Payroll provides the Section and the Financial Services Department with knowledgeable analysis and examination of existing payroll systems and procedures. The position identifies system and procedural weaknesses, inefficiencies, incorrect transaction processing and duplication of effort. The position also responds to and assists the Section to respond to legislative requirements and changes. The position computes advanced and more complex payroll transactions for the Section, including withholdings and deductions, benefit plan contributions, vacation payouts, payroll and benefits related transactions and other transactions. The position answers questions from employees and others regarding payroll policies and procedures providing detailed and informed information.

POSITION DESCRIPTION ASSISTANT ACCOUNTANT - PAYROLL

AAC-P - 1

Performs the audit function for all payrolls to ensure completeness, accuracy and proper authorization and brings inaccuracies and weaknesses to the attention of the Manager Payroll and Benefits

AAC-P - 2

Pre-audits and keys payroll adjustments, timecards, changes to master files and other transactions as required and assists the Manager with operational duties as required

AAC-P - 3

Calculates and processes complex payroll transactions not performed by Payroll Specialists and coordinates payroll matters with other departments, and schools (Calculations include withholdings and deductions, benefit plan contributions and vacation payouts including vacation pay adjustments and retroactive payments)

AAC-P - 4

Transfers funds to all employee bank accounts in accordance with payroll deadlines

AAC-P - 5

Identifies systemic and procedural weaknesses, inefficiencies, incorrect transaction processing and duplication of effort and responds to and assists the Section in responding to legislative requirements and changes by:

- researching specific inquiries or problems which require an assessment of the current process and determining whether changes are required to correctly process payroll transactions;
- coordinating changes to data and processes required to comply with new legislation and regulations;
- reviewing various global transactions and adjusting payroll transactions to ensure systems are processing transactions correctly, prior to the release of the pay run;
- taking samples of transactions, manually calculating and comparing to system results;
- assisting in the testing and implementing of new releases to the payroll system including making recommendations for changes or new processes to meet operational requirements as a result of changed system functionality; and,
- providing suggestions for change and assisting with formulation and implementation of office and payroll procedures to improve the overall operations of the Payroll Section.

AAC-P - 6

Assists the Manager Payroll and Benefits with calendar year end functions including;

- facilitating the process of T4 and T4A documentation and reports for the Canada Revenue Agency including identifying and preparing taxable benefits and other transactions for recording, processing and reporting; and,
- assisting in the reconciliation and reporting requirements for the Teacher and Municipal Pension Plans.
