Update
Feb. 2020

One *Learning* Community

Goals and The Plan

GOAL #1:

Provide meaningful and purposeful career and transition opportunities at the district and school-based level

Strategies

- 1.1 Support implementation of the Careers Curriculum K to 12
- 1.2 Develop a cohesive and collaborative culture that supports Career Education in our secondary schools
- 1.3 Build program capacity for school-based and district opportunities that enable student engagement and exploration
- 1.4 Enhance effective communication strategies that continue to build awareness for students, staff, and parents

Goals and The Plan

GOAL #2:

Establish a shared responsibility through school district, post-secondary, community and industry partnerships that support career and transition pathways for students

Strategies

- 2.1 Collaborate with in-district departments to enhance and strengthen student learning opportunities
- 2.2 Expand post-secondary opportunities to advance and enrich student learning
- 2.3 Strengthen an open and transparent relationship with Esquimalt & Songhees Nations that supports career and life opportunities for all aboriginal students
- 2.4 Strengthen our connection with community and industry partners
- 2.5 Collaborate with other school districts to identify and expand shared opportunities for all students

The Ministry's Messaging

THE SCHOOL ACT

Section 169 requires that the Minister must articulate a statement of education policy for British Columbia, and that this be approved by Cabinet.

THE EDUCATED CITIZEN

The three overarching goals of education

- #1 Intellectual Development
- #2 Human and Social Development
- #3 Career Development

13

Pathways & Partnerships 

WHY CAREER EDUCATION MATTERS K-12

SD61 Pathways & Partnerships

THE JOB MARKET OF THE FUTURE

 36% of children base their career aspirations on people they know. 45% from films and TV

Statistically there is "nothing in common" between the career aspirations of young people and labour market demand.
educationandemployers.org, 2018

GENDER STEREOTYPES

 The early years of a child's life are a key time in the formation of their attitudes and expectations. Children start to rule career options in or out at an early age and girls and boys hold stereotypical views about male and female careers by age 7.

RESEARCH SHOWS

 **More exposure as early as possible is key**

Young people who have **4 or more** contacts with employers whilst at school are 25% more likely to transition to employment, training or education, and can expect, when in full-time employment, to earn more than peers who had no such exposure.

HOW DOES CAREER ED MAKE A DIFFERENCE?

 1. Links learning to the real world by **increasing motivation** to work hard, bringing more relevance to a student's learning.
2. Challenges **gender stereotyping** about jobs and school subjects.
3. Evens out social, economic, and geographic factors while **raising aspirations**.

Our Vision Based on the Research

The Careers Curriculum

- Self-discovery
- Growth in competence
- Learning from experiences in educational, work-related, and personal life contexts:

Kindergarten – Grade 12

- Career education is now interwoven / infused through a child's entire school journey

Expose

Strategy Updates

1.3 Build program capacity for school-based and district opportunities that enable student engagement and exploration

2.1 Collaborate with in-district departments to enhance and strengthen student learning opportunities

Pathways for Life, TeenWork, Community Living Victoria & Work Experience

Pathways for Life Learning & Work

What is Pathways for Life Learning & Work?

This unique program offers students a chance to "take a moment" before graduation to explore educational offerings, gain more entry-level employment skills and learn about adult community supports to help them plan for the future. This happens while connecting with their peers from around the region, and practicing hands-on learning!

What to expect?

Students will experience interactive sessions that include:

- Exploring educational options and adult learning
- Learning more about employment rights and responsibilities
- Connecting with community resources
- Exploring current opportunities and trends in employment and education
- Hands-on retail, food and gardening employment skills
- Updating or creating a resume and personal resource portfolio

...all while experiencing life as a college student in the post-secondary environment!

What will I do?

You will attend Camosun College four mornings a week for six weeks. During each visit, you will spend the morning in each of the areas listed above and participate in a variety of interesting and engaging activities.

Go to:
www.camosun.ca/pathways-application for more details and an application package!

Eligibility

- Under 19 as of July 1, 2019
- Student in grade 12/12+
- Interested in learning about opportunities after high school
- Feels confident in an educational work setting

The TeenWork Times

ISSUE 04, July 2017

What's new?

- This past June, TeenWork job coaches facilitated Discovery group sessions with 6 new youth to help identify new participants' strengths and learning styles. TeenWork's third group Discovery was successful for job coaches and participants.
- As of March 31, 2017, TeenWork reported a 93 percent success rate for participants finding paid employment during their time in the program.
- During May and June 2017, 8 TeenWork participants found jobs!

Middle School MENU

PowerPlay Young Entrepreneur

An inspiring program that empowers young people with an entrepreneurial mindset. A district wide PowerPlay Workshop Day and Evening Event is held the spring.

InSPIRE

Trades and technology presentations for Grade 7's. Proudly presented by our Camosun South Island Partnership instructors.

MINI TRADES Spring Break

Grade 8 students explore the trades for two days. They construct a desk lamp to take home while learning about woodwork, electrical and metal work trades areas.

SPOTLIGHTS

Grade 8 students visit career based programs in SD61 Secondary Schools. E.g. Culinary, electrical, hairdressing

SPRINGBOARDS

One-day programs held at industry and training partner locations around the city, highlighting different career fields.

SD61 CAREER FAIR

This career fair includes over 100 exhibitors from local industry, businesses, and post secondary institutions.

Jr. Skills Canada

Six different competitions happening at Skills Canada, hosted at Camosun College. Competitions include: Gravity Car, Spaghetti Bridge, Wind Turbine, Gear Bots & more.

Summer Programs

Week long summer intensives at Camosun College in Welding, Automotive & Carpentry

Jr. TED TALKS

An evening of Talks by our most inspiring students.

Pathways & Partnerships

High School MENU

Work Experience
Work Experience 12A and 12B are courses that enable you to experience 100-120 hours of on-site job training. Gain skills, experiences, and references

TASK
Trades sampler: Carpentry, Plumbing, Electrical, Sheet Metal, Welding. Hands-on, project-based learning. Certifications, Work Experience, 24 credits at Lambrick Park

Youth WORK in Trades
Become a youth apprentice and earn money while still in high school. 16 credits, and a possible \$1000 scholarship can be obtained

uStart
Partnership with UVic, where students can pick two courses, from over 250 first and second year options, to take during their grade 12 year. Tuition fees are sponsored by the district. Students apply in grade 11.

Youth TRAIN in Trades
Trades programs that allow students to take a Level 1 or Foundation trades program at Camosun. This dual credit program provides high school and post-secondary credits

AutoTech Program
Automotive Service Technician Program at Esquimalt and Camosun. Finish with work experience, Level 1 AST technical training, and 28 high school credits

Dual Credit Courses
Academic post-secondary courses taken at a student's home school, at Camosun, or online with tuition fees sponsored by the district. An opportunity to explore a future pathway

Dual Credit Programs
Academic post-secondary programs taken at Camosun with tuition fees sponsored by the district. An opportunity to explore a future pathway
*See offerings on back side of sheet**

Aviation Program
Explore the aviation industry through work experience, a dual credit engineering course (TEAC 105), and hands-on training at Mount Doug. Earn 20 high school credits

(TALE) Program
Tourism and Leadership Exploration summer program. Courses taught by Westcoast Adventure College and work experience placement provide 8 credits and valuable experience

Graphic Design Program
Foundation of graphic design knowledge. Courses taught by Pacific Design Academy and local work experience placement provide 8 credits and valuable experience

TEAC 105
Engineering sampler, project-based course offered at Camosun Interurban on Friday afternoons. Civil, mechanical, electronic and computer science engineering are sampled
