MANAGEMENT REPORT

Version: 4649-3903-1921

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 61 (Greater Victoria) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

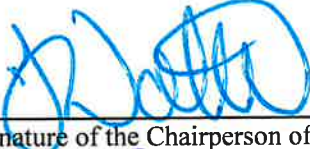

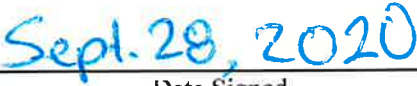

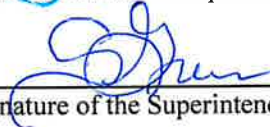

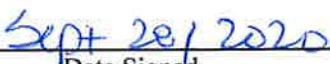

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 61 (Greater Victoria) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, KPMG, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 61 (Greater Victoria) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

On behalf of School District No. 61 (Greater Victoria)

INDEPENDENT AUDITORS' REPORT

To the Board of Education of School District No. 61 (Greater Victoria), and
To the Minister of Education, Province of British Columbia

Opinion

We have audited the financial statements of School District No. 61 (Greater Victoria) (the 'Entity'), which comprise:

- the statement of financial position as at June 30, 2020
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for period ended June 30, 2020 of the Entity are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditors' Responsibilities for the Audit of the Financial Statements**" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Financial Reporting Framework

We draw attention to note 2 to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

KPMG LLP is a Canadian limited liability partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity. KPMG Canada provides services to KPMG LLP.

Other Information

Management is responsible for the other information. Other information comprises:

- Unaudited Schedules 1-4 attached to the audited financial statements

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the Information, other than the financial statements and the auditors' report thereon, included in the unaudited schedules as at the date of this auditors' report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditors' report.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

A handwritten signature in black ink that reads 'KPMG LLP'. The signature is written in a cursive, stylized font and is positioned above a horizontal line.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

1. Authority and Purpose

The School District operates under the authority of the School Act of British Columbia as a corporation under the name of "The Board of Education of School District No. 61 (Greater Victoria)" and operates as "School District No. 61 (Greater Victoria)." A Board of Education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the District, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 61 (Greater Victoria) is exempt from federal and provincial corporate income taxes.

The COVID-19 outbreak was declared a pandemic by the World Health Organization in March 2020 and has had a significant financial, market and social dislocating impact worldwide. Under direction of the Provincial Health Officer, all schools suspended in-class instruction in March 2020 and the District remained open to continue to support students and families in a variety of ways. Parents were given the choice to send their children back to school on a gradual and part-time basis beginning June 1 with new health and safety guidelines. The ongoing impact of the pandemic presents uncertainty over future cash flows, may have a significant impact on future operations including decreases in revenue, impairment of receivables, reduction in investment income and delays in completing capital project work. As the situation is dynamic and the ultimate duration and magnitude of the impact are not known, an estimate of the future financial effect on the District is not practicable at this time.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2 (f) and 2 (m).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in Notes 2 (f) and 2 (m), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense. As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require these grants to be fully recognized into revenue.

(b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

(c) Accounts Receivable

Accounts receivable are measured at amortized cost and are shown net of allowance for doubtful accounts.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

2. Summary of Significant Accounting Policies (Continued)

(d) Portfolio Investments

The School District has investments in bonds that have a maturity of greater than 3 months at the time of acquisition. GICs, term deposits, bonds and other investments not quoted in an active market are reported at cost or amortized cost.

Detailed information regarding portfolio investments is disclosed in Note 4.

(e) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the services or products are delivered.

(f) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes both government transfers and other contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2 (m).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the Statement of Operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished.

(g) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for qualified employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination and retirement rates, and mortality. The discount rate used to measure obligations is based on the cost of borrowing.

The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARS�) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2019 and projected to March 31, 2022. The next valuation will be performed at March 31, 2022 for use at June 30, 2022. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

2. Summary of Significant Accounting Policies (Continued)

(h) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District is directly responsible or accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site. At this time the School District has determined there are no liabilities for contaminated sites.

(i) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction, as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work in Progress is recorded as an acquisition to the applicable asset class at substantial completion. Work in Progress is not amortized until the asset is utilized.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. One-half of the amortization is recorded in the year of acquisition. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful lives are as follows:

Buildings	40 years
Site Improvements	10 years
Furniture and Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

2. Summary of Significant Accounting Policies (*Continued*)

(j) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g. insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(k) Prepaid Expenses

Payments for insurance, subscriptions, and maintenance contracts for use within the School District in a future period are included as a prepaid expense and stated at acquisition cost and are charged to expenses over the periods expected to benefit from it. Textbooks and other teaching supplies are expensed as purchased.

(l) Funds and Reserves

Certain amounts, as approved by the Board, are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Note 13 – Interfund Transfers and Note 20 – Accumulated Surplus).

(m) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues. The amounts are considered to be collectible and can be reasonably estimated.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

2. Summary of Significant Accounting Policies (*Continued*)

(m) Revenue Recognition (continued)

The accounting treatment for restricted contributions that are government transfers is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

(n) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed. Interest expense includes interest paid on capital lease obligations.

Allocation of Costs

- Operating expenses are reported by function, program and object. Whenever possible, expenses are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical and principal and vice-principal salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits are allocated on a pro rata basis of overall salary expenses within each salary category.
- Supplies and services are allocated based on actual program identification.

(o) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, investments, accounts payable and accrued liabilities. The School District does not have any derivative financial instruments.

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability. The School District has not invested in any equity instruments that are quoted in an active market and has not designated any financial instruments to be recorded at fair value. The School District has no instruments in the fair value category.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

2. Summary of Significant Accounting Policies (Continued)

(o) Financial Instruments (continued)

The fair values of these financial instruments approximate their carrying value, unless otherwise noted.

All financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the Statement of Operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

(p) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2 requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

(q) Comparative Figures

Certain comparative figures presented in the financial statements have been reclassified to conform with the financial statement presentation adopted in the current year.

3. Accounts Receivable – Other Receivables

	June 30, 2020	June 30, 2019
Due from Agencies and Associations	\$ 465,685	\$ 464,794
Due from Government of Canada	201,187	169,842
Other Receivables	3,542,848	1,608,198
	<u>\$ 4,209,720</u>	<u>\$ 2,242,834</u>

4. Portfolio Investments

Portfolio investments is comprised of a 7.6% Province of Ontario Bond maturing June 2, 2027. The market value of the investments as of June 30, 2020 was \$0.72 million (2019: \$0.7 million).

5. Bank Indebtedness

The School District has an unutilized line of credit facility agreement with the CIBC, dated March 12, 2009, in the amount of \$1,500,000.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

6. Accounts Payable and Accrued Liabilities – Other

	June 30, 2020	June 30, 2019
Trade Payables	\$ 3,203,048	\$ 2,255,111
Salaries and Benefits Payable	15,946,873	14,334,326
Accrued Vacation Pay	2,262,208	1,660,515
Holdback Payables	713,391	41,701
International Student Program Fee Payable	4,842,912	6,294,765
Other	594,500	649,342
	<u>\$ 27,562,932</u>	<u>\$ 25,235,760</u>

International Student Program Fees Payable in the amount of \$4,842,912 (2019: \$6,294,765) is comprised of homestay fees of \$3,837,807 (2019: \$5,080,341) and medical fees of \$1,005,105 (2019: \$1,214,424). These amounts are collected and paid by the School District on behalf of the International Student Program. The same amount included in cash and cash equivalents is restricted and not available for general use.

7. Unearned Revenue

	June 30, 2020	June 30, 2019
Unearned Revenue, Beginning of Year	\$ 11,698,627	\$ 11,570,216
Changes for the Year:		
Increase:		
Tuition fees	12,190,967	16,349,502
Rentals and Leases	1,800,387	2,050,428
Other	-	1,621
Summer school	2,090	26,616
	<u>13,993,444</u>	<u>18,428,167</u>
Decrease:		
Tuition fees	15,399,179	15,996,492

Unearned Revenue, End of Year	<u>\$ 8,471,669</u>	<u>\$ 11,698,627</u>

Unearned Revenue includes tuition collected from International students for school terms beginning after June 30, 2020. Due to COVID-19 and associated restrictions by the Government of Canada, only students with a study permit application approved before March 18, 2020 are able to enter Canada to study. Tuition refunds of \$412,962 were requested to be paid subsequent to June 30.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

8. Deferred Revenue

Deferred revenue includes unspent grants and contributions received that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board, i.e. the stipulations associated with those grants and contributions have not yet been fulfilled.

	June 30, 2020	June 30, 2019
Deferred Revenue, Beginning of Year	\$ 5,097,117	\$ 4,333,871
Changes for the Year:		
Increase:		
Provincial Grants - Ministry of Education	26,798,530	25,222,760
Other	5,005,783	7,000,897
Investment Income	162,991	129,854
	<u>31,967,304</u>	<u>32,353,511</u>
Decrease:

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

10. Employee Future Benefits

The School District provides certain benefits upon retirement including vested sick leave, accumulating non-vested sick leave, lump sum retirement payments, vacation, overtime and death benefits for qualified employees pursuant to certain contracts and union agreements. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

The significant actuarial assumptions adopted for measuring the School District's accrued benefit obligations are:

	June 30, 2020	June 30, 2019
Discount Rate - April 1	2.50%	2.75%
Discount Rate - March 31	2.25%	2.50%
Long-Term Salary Growth - April 1	2.50%+seniority	2.50%+seniority
Long-Term Salary Growth - March 31	2.50%+seniority	2.50%+seniority
Expected Average Remaining Service Lifetime - March 31	10.3	10.3

	June 30, 2020	June 30, 2019
Reconciliation of Accrued Benefit Obligation:		
Accrued Benefit Obligation - April 1	\$ 2,800,750	\$ 2,658,742

The School District manages and controls various works of art including painting and sculptures. These assets are not recorded as tangible capital assets and are not amortized as a reasonable amount cannot be determined.

School District No. 61 (Greater Victoria)

Notes to Financial Statements
Year Ended June 30, 2020

12. Employee Pension Plans

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trustee pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. At December 31, 2018, the Teachers' Pension Plan has about 48,000 active members and approximately 38,000 retired members. As of December 31, 2018, the Municipal Pension Plan has about 205,000 active members, including approximately 26,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2017 indicated a \$1,656 million surplus for basic pension benefits on a going concern basis. As a result of the 2017 basic account actuarial valuation surplus, plan enhancements and contribution rate adjustments were made; the remaining \$644 million surplus was transferred to the rate stabilization account.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The School District paid \$18,222,175 for employer contributions to these plans in the year ended June 30, 2020 (2019: \$18,444,564).

The next valuation for the Teachers' Pension Plan will be as at December 31, 2020, with results available in 2021. The next valuation for the Municipal Pension Plan will be at December 31, 2021, with results available in 2022.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

13. Interfund Transfers

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2020 were as follows:

- Transfer from the operating fund to the capital fund \$1,430,611 for tangible capital assets purchased.
- Transfer from the special purpose fund to the capital fund \$128,450 for tangible capital assets purchased.
- Transfer from the operating fund to the capital fund (local capital) \$339,270 for the student device replacement reserve.
- Transfer from the operating fund to the capital fund (local capital) \$200,000 for the technology for learning equipment replacement reserve.
- Transfer from the operating fund to the capital fund (local capital) \$100,000 for the childcare capital replacement reserve.

School District No. 61 (Greater Victoria)

Notes to Financial Statements

Year Ended June 30, 2020

14. Related Party Transactions

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, as well as key management personnel, if any, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

15. Contractual Obligations

The School District has entered into a number of multiple-year contracts for the delivery of services and operating leases. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

	2021	2022	2023	2024	2025	Thereafter
Youth and Family	\$ 1,673,354	\$1,673,354	-	\$ -	\$ -	\$ -
Catering	525,000	-	-	-	-	-
Transportation	802,000	-	-	-	-	-
Operating Lease	109,851	109,581	61,862	-	-	-
Total	\$ 3,110,205	\$1,782,935	\$ 61,862	\$ -	\$ -	\$ -

16. Contractual Rights

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The School District's contractual rights arise because of contracts entered into for property leases. The following table summarizes the contractual rights of the School District for future assets:

	2021	2022	2023	2024	2025	Thereafter
Property Leases	\$ 434,909	\$ 358,242	\$ 358,242	\$ 315,479	\$ 217,158	\$2,688,811
Total	\$ 434,909	\$ 358,242	\$ 358,242	\$ 315,479	\$ 217,158	\$2,688,811

17. Budget Figures

Budget figures were approved by the Board through the adoption of an annual budget on April 17, 2019.

18. Contingent Liabilities and Assets

The School District, in conducting its usual business activities, is involved in various legal claims and litigation. In the event any unsettled claims are successful, management believes that such claims are not expected to have a material effect on the School District's financial position. A liability for these claims is recorded to the extent that the probability of a loss is likely and the amount of potential loss is estimable.

At June 30, 2020, unspent Classroom Enhancement Fund remedies totalled \$546,185. The School District was unable to reach an agreement with the local teachers' union regarding the treatment of the unspent remedies by June 30th. The Deferred Revenue balance is \$621,752.

Certain schools in the School District contain asbestos. No amount has been recorded in the financial statements with regard to this potential liability.

20. Accumulated Surplus

The Internally Restricted Operating Funds represent the amount of funds committed for planned educational activities at the school level; for the completion of projects in progress at June 30, 2020; for outstanding purchase order commitments; and for the amounts approved for the 2019/2020 and 2020/2021 operating budgets. The Internally Restricted Capital Fund represents the balance from the Local Capital Reserve. The use of Local Capital is entirely at the discretion of the School District. Appropriations from Local Capital are made to finance projects as determined by the Board.

	June 30, 2020	June 30, 2019
Internally Restricted - Operating Fund		
Carry Forward of Unspent School Budgets	\$ 2,574,310	\$ 3,400,360
Carry Forward of Unspent Project Budgets	5,207,301	4,843,799
Purchase Order Commitments	560,082	419,972
COVID-19 Contingency	2,561,247	-
Appropriated for Future Years' Operating Budget	7,046,806	4,125,958
	17,949,746	12,790,089
Internally Restricted - Capital Fund		
Local Capital Reserve	2,396,235	3,204,698
Total Internally Restricted Fund Balances	20,345,981	15,994,787
Unrestricted Operating Surplus	29,582	2,037,796
Invested in Tangible Capital Assets	45,217,965	46,271,032
Accumulated Surplus	\$ 65,593,528	\$ 64,603,615

21. Economic Dependence

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

School District No. 61 (Greater Victoria)

Notes to Financial Statements
Year Ended June 30, 2020

22. Risk Management

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a debtor. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the School District invests solely in bonds and guaranteed investment certificates.

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in bonds and guaranteed investment certificates.

c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk management and insurance services for all school districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

There has been no change to risk exposure from 2019 related to credit, market or liquidity risks.
