In such cases, the breaks between consecutive terms shall not be considered as a break in continuous service for purposes of fringe benefit entitlement.

15.04 Spareboard Seniority

Spareboard employees shall neither exercise nor accumulate seniority, except as set out below:

- (i) Effective July 1, 1999, spareboard employees shall accumulate secondary seniority on the basis of one shift credit for each day or partial day worked. Employees hired exclusively as Student Supervisors may accumulate seniority; however, their seniority shall not be exercised for the purpose of bidding on posted positions other than positions classified as Student Supervisors.

In the event that a Student Supervisor applies for a position and is successful based on their qualifications and skills, and complete the probation period, the Board will recognize their service to the District and adjust their seniority.

Such vacancies shall be posted for a period of five (5) working days prior to being filled, in such places as mutually agreed upon by the Employer and the Union. Exceptions shall be by mutual agreement of Human Resource Services and the Union. Normally, vacancies for the deployment period will be dealt with pursuant to Article 17.13, Deployment with the exception of those technical positions listed in Article 16.02 (ii) below.
- (ii) The Board recognizes that certain technical positions may become vacant and need to be filled on a regular or temporary basis during the period July 1 to August 31. A list of classifications will be presented to the Labour Management Committee for review each April.

The Board shall ensure that employees will be given the following opportunities to apply for any of the above positions that are posted or advertised between July 1 and August 31:

- (a) A general notice will be posted each June inviting applications for the above-noted technical positions;
 - (b) Employees will have the option of submitting a completed application with Human Resource Services between June 15 and June 30 for any positions they may be interested in, in the event such a position may become available in July or August. In so doing, new hours (regular or temporary) that become available in a school/location during a school year shall be assigned to employees in the school/location on the basis of seniority, classifications and scheduling requirements. Employees can be assigned hours in classifications that are equal to or lower than the classification they currently hold provided these classifications are within the same job stream. Human Resource Services will confirm the employee meets the qualifications for the added classifications prior to assignment. It is understood that every effort shall be made to increase regular hours for regular employees. In the event it is determined it is not possible or practical to add new hours by seniority, the District will upon request from the Union provide the Union with reasons for the determination. If there is no one available at that school/location with the qualifications or scheduling ability to have hours added to their work schedule, then these additional hours shall be posted.

Note: Current job streams are: Clerical, Technical and Education Assistant. It has been agreed that School Meals Assistant, Student Supervisor, School Assistant and Office Assistant hours can be added to any classification regardless of job stream.

As a result of a temporary vacancy being filled by a regular employee, only one additional temporary vacancy will be posted. Spareboard employees shall fill any subsequent vacancies unless the chain of postings is extended by agreement between the Union and Human Resource Services.

Regular employees filling temporary vacancies will return to their former positions and wage scale, upon its completion.

Regular employees working in temporary vacancies shall be paid at the Job Rate and receive applicable sick, vacation and statutory holiday entitlements.

Upon completion of the temporary appointment, the employee shall bid for posted vacancies.

16.07 Spareboard Employees Accepting Temporary Appointments and Vacancies

Spareboard employees working in temporary vacancies of longer than two (2) consecutive months shall serve the time towards completing the probationary period as set out in Article 15.02 Probationary Period. Upon completion of the probationary period as set out in Article 15.02, in one or more temporary appointments or a combination of temporary and regular appointments, the employee will be eligible for benefits upon accepting a regular appointment. These employees will serve an appraisal period per article 16.05.

Regular employees shall be laid-off on the basis of the classification and department/school designated for the layoff by the Employer. When the required qualifications, skill and ability to perform the work in question are equal among two (2) or more employees occupying such classification, the senior employee shall receive preference, provided always that the employee to be retained in that classification and department or school meets the criteria of the job description qualification sheet, and has the required qualifications, skill and ability to perform the work in question.

17.03 Bumping Rights

Bumping only occurs as a District-wide process and is administered through Human Resource Services in conjunction with the Union Executive.

- (i) Within three (3) working days after being notified under Article 17.01 that they occupy a classification designated for layoff, affected regular employees who are not to be retained in that classification and department/school, shall be given an opportunity to exercise their seniority by electing to bump. An employee exercising bumping rights may only bump into a position held by the most junior employee of any classification that is equal to or lower than the classification held by the surplus employee that has the same continuing hours provided that the surplus employee has the required qualifications.

- (ii) If no position provides the same number of continuing hours, the surplus employee may opt to bump into a position with greater or lesser hours provided that the position is held by the most junior employee in any classification that is equal to or lower than the classification held by the surplus employee and provided that the surplus employee has the required qualifications. Classifications for bumping will be determined by the final targets as established through the job evaluation process.

17.04 Notice of Layoff

- (i) The Employer shall provide written notice to a regular employee(s) whose position has been eliminated, has had hours reduced in accordance with Article 17.01, or in accordance with Article 17.03, has been bumped by a more senior employee, or does not bump a more junior employee, and, as a result, is to be laid-off. Such notice shall be four (4) calendar weeks prior to the effective date of this layoff.
- (ii) When layoff notice is not provided under Subsection (i) above, the employee involved shall be paid in lieu of any such notice not received. Notice under this Article 17.04 shall not be initiated during normal school term breaks, nor shall the normal school breaks (summer, spring, and Christmas) be considered part of the notice period.

17.05 Appraisal Period

- (i) A regular employee who elects to bump in accordance with Article 17.03, or who is recalled to employment in accordance with Subsection 17.09 (ii), shall serve an appraisal period not exceeding three (3) months in the new position. During this period should the employee prove unable to satisfactorily perform the duties of the new position, they shall be laid-off and placed on the recall list.
- (ii) In no event shall any employee be permitted to bump a second time as a result of the same layoff.

17.06 Severance Pay

Those regular employees, who do not bump a more junior employee in accordance with Article 17.03, and who, as a result, are to be laid-off and placed on the recall list may, at the time of receiving their notice of layoff pursuant to Article 17.04, elect to take severance pay as follows: Employees defined in accordance with Article 1.04 shall receive the minimum severance pay of two (2) weeks basic pay. Those employees who have completed three (3) years continuous service shall receive additional severance of one (1) calendar week; and for each subsequent completed year of continuous service, an additional one (1) calendar week, to a maximum total of eight (8) calendar weeks, and by so electing, not work the balance of the notice period. Employees who elect to take severance pay under this Article shall be finally and conclusively terminated in all respects and shall not have recall or other rights under this Agreement.

17.07 Recall List

Regular employees laid-off under this Article, who do not bump a more junior employee in accordance with Article 17.03, and who do not take severance pay in accordance with Article 17.06 shall be placed on the recall list in seniority order for a period not to exceed twelve (12) continuous months.

See Article 17.09 (iii)

Notwithstanding the above, regular employees on recall who work a cumulative number of days in excess of one hundred (100) working days in the twelve (12) month recall period shall have their recall rights extended for an additional twelve (12) consecutive months. It is understood and agreed that such extension shall not be granted where employees decline recall to a regular appointment or make themselves unavailable for work. The maximum recall period in this case shall be twenty-four (24) months.

17.08 Status While on Recall List

During this twelve (12) month period on the recall list, employees shall not be eligible to receive any of the benefits of this Agreement. The service, sick leave credits, vacation entitlement level and fringe benefits of such employees shall be frozen at the time of their layoff and should the employee be recalled pursuant to this Article within the twelve (12) month recall period, the service, sick leave credits, vacation entitlement level and fringe benefits of such employees shall be reinstated to that which had existed at the time of the layoff.

17.09 Recall Rights

- (i) Employees on the recall list shall be offered available positions within the same classification from which they were laid-off.
- (ii) Laid-off employees on the recall list may make application for vacancies which are posted under Article 16.03 on the same basis as active employees. Laid-off employees on the recall list who fail to apply for posted vacancies shall receive no consideration when such vacancies are filled on the basis of Article 16.02.
- (iii) If the regular vacancy is not filled under Subsection (ii) above, and in accordance with the procedure set out in Article 17.10 below, the Employer shall then attempt to recall a laid-off regular employee from the recall list having the required qualifications, experience, skill and ability to perform the work in question, before offering employment to a new employee.
- (iv) In no event shall the Employer be required to re-employ any former employee after being laid-off and on the recall list for longer than twelve (12) continuous months, except as extended by the application of Article 17.07.

17.10 Recall Procedures

- (i) It shall be the responsibility of laid-off regular employees to maintain their current telephone number and postal address with the Human Resource Services Department. When filling vacancies under Article 17.09 (iii), the Employer shall attempt to contact a laid-off regular employee on the recall list having the required qualifications, experience, skill and ability to perform the work in question, at the telephone number so provided to instruct the employee of the date and time to report for work. Should the employee not accept the recall, the employee, subject to Subsection (iii) below, shall lose one (1) right to recall. The date and time to report may be extended by a maximum of ten (10) working days upon the approval of the Employer, should the employee have extenuating personal circumstances which make it impossible to report as required, provided that operational requirements of the Employer permit. Notwithstanding the above, failure to report to work on the date and time agreed shall result in termination.
- (ii) Employees on the recall list shall contact the Employer when they are to be temporarily away from their current address and phone number to provide a temporary phone number and address where the Employer will be able to contact them during such absence.
- (iii) Employees shall have the right to refuse two (2) recalls to employment during their recall period before losing their recall rights.

17.11 Temporary Layoffs

This Article 17 does not apply to temporary layoffs of five (5) working days or less. A change in work location, or a reduction of work hours in any position less than defined in Article 17.01 shall not be considered a layoff under this Article and employees shall not be eligible to bump for these reasons.

17.12 Grievance Procedure

All determinations of qualifications, experience, skill and ability under this Article 17 shall be made by the Employer and the question of whether the Employer has made such determinations in a fair and equitable fashion shall be subject to the grievance procedure.

17.13 The Staffing Process

Terms of Reference:

School/Department Allocation Process: Is the annual process of assigning allocated budget and/or hours to CUPE 947 staff. (April 15 – September 30).

Reassignment Process: Is the District placement of CUPE 947 staff declared “excess to needs.” (June 1 to September 30).

Deployment Meeting: is the meeting held during the last week of September to place members who continue to be in layoff/recall following the Reassignment Process.

School/Department Allocation Process:

- (a) The objective is to deploy hours on the basis of District Seniority, to create as many full-time, or almost full-time, positions as operationally achievable. As in the normal hiring process, employees must possess the qualifications listed in the job description.
 - (b)
 - (i) Each school/department administrator/exempt staff shall determine staffing needs for the next school year by May 31. If this is not possible due to delays in Board budget approval, the parties will discuss how to deal with the delay.
 - (ii) Employees can be allocated regular hours in job classifications that are equal to or lower than the classification they currently hold, provided these classifications are within the same job stream. Human Resource Services will confirm the employee meets the qualifications of the added classifications prior to this assignment.
 - (iii) Employees can only be assigned temporary hours in classifications that are equal to or lower than the classification they currently hold, provided these classifications are within the same job stream and provided they can be added to a regular assignment. Temporary hours are not part of the obligation as reference in Article 17. 13. (iv).
- (Current job streams are: Clerical, Technical and Educational Assistant. It has been agreed that School Meals Assistant, Student Supervisor, School Assistant and Office Assistant hours can be added to any classification regardless of job stream).
- (iv) On the basis of position and seniority, school/departments will allocate hours to current regular employees. As school/department deploy their allocations, employees who do not have hours assigned to them or have only reduced hours available to them within the school/department are declared "excess to needs." An employee can be declared excess to needs only where a bona-fide and continuing reduction of hours occurs. These employees shall be the least senior employees, based on operational requirements and the necessary qualifications. No senior employee can volunteer to be declared excess in lieu of a junior employee. An employee who student of program will be moving to a new school may be given the option of moving providing a vacancy exists at the receiving school.
 - (v) The obligation of the school/department is to offer positions and hours, based on seniority, to an equal number of hours the employee works in the current school year. Should this not be possible, and an employee decided voluntarily not be declared to excess to needs, the obligation of the school/department for the next school year onwards changes. The school/department would then be obligated to offer a position and hours based on the reduced number of hours assigned to and accepted by this employee effective September 1 of the new school year.

This is an attempt to promote the ideal of creating and then maintaining full-time work for employees as described in (a) above.

Reassignment Process:

- (c) Reassignment is undertaken at the District level only and will be managed jointly by Human Resource Services and the Union. This process will be initiated during the period of June 1 to September 30. All postings will be held from May 1 until the first full week of June. At that time all vacancies that have accumulate shall be posted. A second posting period will begin the Thursday prior to school opening. Those postings will close the Wednesday following school start up. Vacancies from October 1 to April 30 shall be handled pursuant to Article 16.02. In the event that the District feels that no internal candidates will be able to fill a position it may post the positions externally despite 17.13(c) following consultation with the Union.
- (d) The Union and the District will jointly organize a meeting to be held in the first week of June to explain the Reassignment Process to employees subject to layoff.
- (e) All employees shall be able to apply for positions for which they are qualified during the Reassignment Process but priority shall be given the following employees:
 - (i) Regular employees returning from leaves of absence where their position is discontinued;
 - (ii) Employees having layoff/recall status, or where such placement would reduce regular hours and the regular employee does not wish to continue in the position with the reduced hours;
 - (iii) On a case-by-case basis, regular employees who are eligible for deployment to a vacant position by virtue of an accommodation request under Letter of Understanding #2. Such employees will be given access to the deployment process with all other employees as defined in (c) above, in order of seniority.
- (f) Affected employees will be given intent to layoff notices and be placed in the Reassignment Process, subject to Article 17.01 (ii). If significant reductions in the District F.T.E. are contemplated, the parties shall meet to discuss the deployment process to ensure the rights of the senior employees are protected.
- (g) (i) Eligible employees will be awarded positions for which they are qualified based on the job description. Employees must be able to demonstrate that they have the specific skills by:
 - Having current experience the previous year; or
 - If that experience is more than a year old the employee must:
 - Pass appropriate testing, or
 - Be currently enrolled in an approved course.

- (ii) Where an employee is offered a comparable position (same job classification, same or greater hours) and the employee declines the assignment, they shall have the right of recall as outlined in Article 17.07. Article 17.10 (iii) shall apply to refusals during this process.
- (h) When a school/department reinstates a position with the same job classification and hours (plus or minus one hour) within the school year following their reassignment that employee shall be given the first opportunity to claim the position.
- (i) The Reassignment Process will be administered by a committee that will include at least two (2) Union representatives. The committee shall have the responsibility of monitoring and ensuring the continual integrity of the Reassignment Process. Questions, concerns and complaints about the Reassignment Process should be addressed to the committee.
- (j) Employees placed through the Reassignment Process will serve an appraisal period in accordance with Article 16.05.

Deployment Meeting:

- (k) During the last week of September the Union and the District shall hold a meeting to be attended by any employees who continue to be in recall following the Reassignment Process.
- (l) At this meeting employees will be offered available vacant positions for which they are qualified that meet their recall entitlement. In the event that no vacant positions are available the parties shall follow the process as laid out in Article 17.03 (Bumping) to ensure that senior employees receive their entitlement.
- (m) Any employee not placed through the Reassignment Process and/or Deployment meeting or affected by Article 17.03 during the Deployment Meeting will be covered afterwards by all applicable recall and job posting provisions of the Collective Agreement.
- (n) Any positions remaining at the end of the deployment process will be posted.

The factor is equivalent to the vacation day accrual formula. The factor used for calculating the vacation day accrual shall be in accordance with the employee's anniversary date and the following scale:

- Twelve Month Employees: Vacation year – January 1 to December 31
- All other Employees: Vacation year - September 1 to August 31

Formula for calculating the Accrual Factor on Vacation Entitlement is:

- Monthly entitlement x 12/260 working days per year.

The formula applies to regular employees for all hours worked, except overtime hours.

Years Service	Accrual Factor	Yearly Vacation Entitlement (equivalent to monthly)
Less than seven years	.0577	15 vacation days (equivalent to 1.25 days/month)
Seven years or greater	.0769	20 vacation days (equivalent to 1.67 days/month)
Fifteen years or greater	.0962	25 vacation days (equivalent to 2.08 days/month)
Twenty-three years or greater	.1154	30 vacation days (equivalent to 2.50 days/month)

- (ii) For the purpose of this accrual, the month during which an employee receives their initial appointment shall be deemed a full month. For the purpose of this sub-section, a full month will equal twenty (20) working days.

21.02 Vacation Pay

An employee's regular pay shall continue during annual vacation leaves. Wages received while on vacation will be paid in accordance with the current hourly rate of pay and the hours assigned for the pay period. All vacation time must be recorded accurately as such on timesheets. The Board will provide on each pay statement the employee's vacation accrual balance in hours.

Employees receiving payment for overtime in accordance with Article 19.01 shall also receive, as an addition to the overtime rate, a vacation pay adjustment of 8%. This adjustment is in lieu of the vacation accrual.

21.03 Vacation Scheduling

Employees shall submit their requests for annual vacation on or before March 1 of each year.

- (i) Approval of vacation requests shall be at the discretion of each supervisor and shall be subject to operational requirements.
- (ii) In the event that the employee is requested to return to work from their scheduled vacation and agrees to do so, the following will apply:

- (iii) If the employer requests an employee to cancel their vacation for operational reasons within four (4) weeks of a scheduled vacation of two (2) weeks or more, the employee will be granted two (2) additional days of vacation to be added to their vacation balance.

21.04 Long Service Special Vacation

When a regular employee has served continuously for a period of twenty (20) years, they shall become entitled to twenty-two (22) consecutive working days long service special vacation, with pay, in addition to annual vacation leave, as a reward for long and faithful service. Such special vacation shall only be received once by an employee and shall be taken within one (1) year of attaining twenty (20) years service.

21.05 Termination of Employment

Regular employees who terminate employment shall, after completing twelve (12) continuous months of service, receive vacation or pay in lieu thereof for any proportional vacation earned prior to their termination but not taken; provided that adjustment may also be made for any overpayments previously received by such employee. Employees who terminate employment before completing twelve (12)

months shall be eligible to receive pay in lieu of vacation in accordance with the *Employment Standards Act of British Columbia*.

21.06 Annual Vacations Adjustment Pay

Employees whose regular position is for a period of ten (10) months, but less than twelve (12) months, shall be entitled to and required to take annual vacation with pay during Christmas and spring breaks. Vacation hours accrual balance will be adjusted to accept a negative balance only for Christmas and Spring breaks. Regular employees, other than twelve (12) months, shall not normally be able to take paid vacation leave, except in accordance with Article 21.04, during regular school days.

Employees who have received paid vacation pursuant to Article 21.02 during the school year and who have any remaining entitlement based on their balance of vacation hours accrued from the total hours worked during that year shall be paid out. Such vacation entitlement payout will occur after the last pay day in June.

Employees whose regular position is for a period of ten (10) months, but less than twelve (12) months, and whose regularly scheduled lay off period is not during July and August, may request their balance of vacation hours accrued to be paid out during their unpaid month(s). Such request may only occur once per fiscal year from July 1 to June 30 and may only be requested if the period without pay is four (4) weeks or greater.

Sick leave accrual will occur at the rate of twelve (12) shifts per year. Unused sick leave will accrue from year to year to a maximum of eighty-five (85) shifts.

Sick leave with pay is only payable because of personal sickness or injury.

In the event an employee is placed on an approved medical leave from the District, has exhausted their sick leave entitlement and has not met the eighty five (85) day qualifying period for the Long Term Disability Plan (LTD), the employee may apply for medical Employment Insurance (EI) benefits. Upon providing the Board with an EI approval statement, the Board will top-up the EI benefit to a maximum of seventy five percent (75%) of the employee's gross wages, in accordance with the terms of their regular appointment, up to the expiry of the eighty five (85) day qualifying period for LTD.

Employees with an accrual in excess of eighty five (85) shifts as of November 1, 2006, and remain actively employed (including those on an approved leave) will retain their accrued sick leave amount. However, no further sick leave will accrue until sick leave utilization falls below the eighty five (85) shift total accrual.

It is understood the maximum sick leave for payout purposes established under Subsection (iv) is not guaranteed but is a maximum only.
- (vii) Employees who elect to resign or retire, during or immediately upon the completion of a leave of absence granted in accordance with Article 24, shall have their sick leave payout dollar (\$) value calculated on the basis of the basic wage rate in effect at the time the employee last worked, provided such employee is otherwise eligible for sick leave payout under this Article.

22.08 Emergency Sick Leave Plan

The Employer will provide the Local with a total of one thousand (1000) hours per year for the purpose of bridging the Employment Insurance qualification period when an employee's accrued sick leave is not sufficient to cover the medical EI waiting period. **RE: Bridging employees who work less than twelve (12) months a year and do not
receive LTD payments in July and August**

As a result of the expected savings from increasing the probationary period from three (3) to six (6) months, the parties have agreed to provide employees who work less than twelve (12) months a year who do not receive their long term disability payments with these payments for the months of July and August. The payments will be based upon the monthly LTD benefit as identified by Desjardin Financial Security. Notwithstanding the above, this agreement will also apply to employees who due to operational reasons do not have a layoff in July or August.

The increased costs of these payments in the summer months will be covered by the expected savings from increasing the probationary period. Should these payments in the summer months result in costs greater than the expected savings, the parties will be required to meet to determine how best to correct any shortfall. In such a case, any previous surpluses will be credited towards addressing a future deficit.

Failure to come to agreement within thirty (30) days of the shortfall being identified will result in a return to the language of article 15.02 (probationary period) and article 22.01 (entitlement) of the 2006-2010 collective agreement. It will also result in an end to providing the above payments to employees on LTD. In addition, the language of (new) article 22.08 – Emergency Sick Leave Plan will also be removed from the collective agreement.

EMERGENCY SICK LEAVE

PROCEDURE SHEET

Application Form for Emergency Sick Leave

The following procedure outlines the process for notifying the Union Executive of the annual emergency sick leave accrual and usage:

The Annual Accrual

The Payroll Office will annually produce a reconciliation of emergency sick leave accrual and usage. This report will identify the accrued sick leave hours available for distribution during the following year. The report will be issued as early as practicable upon the conclusion of each calendar year.

The Monthly Usage Report

Once a month, following the last pay of the month, the Payroll Office will forward to the Union Executive a report that will identify the emergency sick leave usage. The report will contain a list of employees who received emergency sick leave payments and the number of hours to be withdrawn from the annual accrual.

PAID LEAVE FOR UNION BUSINESS REPORT

PROCEDURE SHEET

After each pay period, a Paid Leave for Union Business Report is produced from information received on employee timesheets. This report is produced by Information Systems and Services and given to the Salary and Benefits Control Clerk, in the Payroll Office. The clerk indicates next to each employee's name the percentage of vacation pay to which the employee is entitled. The Salary and Benefits Control Clerk then gives this report to the Union for verification. Once the Union has indicated its approval (by initialing the report and returning it to the Human Resource representative), the report is delivered to Financial Services for billing purposes.

The Parties will work collaboratively to support local districts and unions to comply with all WorkSafe BC requirements.

Information relating to refusing unsafe work, and workers' rights and responsibilities, and employer responsibilities, as provided by WorkSafeBC is attached to this PFA for information purposes.

The Parties will establish a Joint Health and Safety Taskforce of not more than five (5) members appointed by CUPE and five (5) members appointed by BCPSEA. Each Party will consider the appointment of subject matter experts in occupational health and safety, and special education.

Either Party may bring resource people as required, with advanced notice to the other party. These resource people will be non-voting and at no added cost to the committee.

The work of this joint taskforce will be completed by January 1, 2020 and will include:

- Developing a joint communication to school districts and local unions on the obligation to report and investigate incidents including incidents of workplace violence.
- Reviewing and developing a Joint Health and Safety Evaluation Tool for the K-12 sector to ensure compliance with WorkSafe BC regulations.

Copies of completed evaluations shall be provided to local presidents and employers as outlined on the evaluation tool.

The parties agree to commence the work of this taskforce upon approval of the Provincial Framework Agreement by both parties prior to the commencement of this PFA. Costs associated with this committee will be provided from existing SSEAC funds. These funds will be reimbursed with the funds provided under Section 9 Committee Funding.

6. Support Staff Education Committee (SSEC)

Structure:

The committee shall comprise of not more than five (5) members appointed by CUPE and five (5) members appointed by BCPSEA. One of the CUPE appointees will be from the Non-CUPE Unions.

Either Party may bring resource people as required, with advanced notice to the other party. These resource people will be non-voting and at no added cost to the committee.

Mandate:

The mandate of the committee is to manage the distribution of education funds for the following:

- a. Implementation of best practices to integrate skill development for support staff employees with district goals and student needs,
- b. Developing and delivering education opportunities to enhance service delivery to students,
- c. Identifying, developing and delivering education opportunities to enhance and support employee health and safety, including non-violent crisis intervention,
- d. Skills enhancement for support staff
- e. EA curriculum module development and delivery
- f. These funds shall not be used to pay for education that Districts are required to provide under Occupational Health and Safety Regulations

Funding:

There will be a total of \$1 million of annual funding allocated for the purposes set out above commencing July 1, 2019 for the term of this agreement.

7. Job Evaluation (JE) Committee

The Parties will continue and conclude the work of the provincial job evaluation steering committee (the JE Committee) during the term of this Framework Agreement. The objectives of the JE Committee for phase two are as follows:

- Review the results of the phase one pilot and outcomes of the committee work. Address any anomalies identified with the JE tool, process, or benchmarks.

- Expand the pilot to an additional ten (10) districts including at least two (2) non-CUPE locals to confirm the validity of the tool and the benchmarks.
- Rate the provincial benchmarks and create a job hierarchy for the provincial benchmarks.
- Identify the job hierarchy for local job descriptions for all school districts.
- Compare the local job hierarchy to the benchmark-matched hierarchy.
- Identify training requirements to support implementation of the JE plan and develop training resources as required.

It is recognized that the work of the committee is potentially lengthy and onerous. To accomplish the objectives expeditiously the Parties agree that existing JE funds can be accessed by the JE committee to engage consultant(s) on a fulltime basis if necessary to complete this work.

It is further recognized that this process does not impact the established management right of employers to determine local job requirements and job descriptions nor does this process alter any existing collective agreement rights or established practices.

Once the objectives outlined above are completed, the JE Committee will mutually determine whether a local, regional or provincial approach to the steps outlined below is appropriate.

The committee, together with consultant(s) if required, will develop a method to convert points into pay bands. The confirmed method must be supported by current compensation best practices.

The disbursement of available JE funds shall commence by January 2, 2020 or as mutually agreed.

The committee will utilize available funds to provide 50% of the wage differential for the position falling the furthest below the wage rate established by the provincial JE process and will continue this process until all JE fund monies at the time has been disbursed. The committee will follow compensation best practices to avoid problems such as inversion.

The committee will report out to the Parties at key milestones during the term of the Framework Agreement. Should any concerns arise during the work of the committee they will be discussed and resolved by the Parties at that time.

The parties confirm that the \$900,000 of ongoing annual funds established under the 2014-2019 Provincial Framework Agreement will be used to implement the Job Evaluation Plan. An additional \$3 million of ongoing annual funds will commence on July 1, 2021.

8. Provincial Labour Management Committee (PLMC)

The Parties agree to establish a PLMC to discuss and problem solve issues of mutual provincial interest. The purpose of the committee is to promote the cooperative resolution of workplace issues, to respond and adapt to changes in the economy, to foster the development of work related skills and to promote workplace productivity.

The PLMC shall not discuss specific grievances or have the power to bind either Party to any decision or conclusion. This committee will not replace the existing local grievance/arbitration processes.

The parties agree that the PLMC will consist of up to four (4) representatives appointed by BCPSEA and up to four (4) representatives appointed by the Support Staff Unions. Either Party may bring resource people as required, with advanced notice to the other party and at no added cost to the committee.

The PLMC will meet quarterly or as mutually agreed to for the life of the agreement and agree to include Workplace Health and Safety as a standing agenda item.

9. Committee Funding

There will be a total of \$100,000 of annual funding allocated for the purposes of the Support Staff Education Committee and the Provincial Labour Management Committee. There will be a one-time \$50,000 allocation for the purposes of the Joint Health and Safety Taskforce.

10. Support Staff Initiative for Recruitment & Retention Enhancement (SSIRRE)

The Parties commit to a Support Staff Initiative for Recruitment & Retention Enhancement (SSIRRE) with the following objectives:

- a. Gathering data of existing support staff recruitment and retention challenges and projected demand in the sector
- b. Gathering data of existing offerings for applicable post-secondary programs, vocational programs and identify potential gaps in program offerings to meet projected demands
- c. Partnering with post-secondary schools and vocational training providers to promote support staff positions in school districts
- d. Marketing the support staff opportunities within the sector (eg. Make a Future)
- e. Targeted support for hard to fill positions

The representatives of the PLMC will mutually select a consultant to perform the work of the initiative. The consultant will report to the PLMC on key milestones and as otherwise requested. During the term of the agreement \$300,000 will be allocated for the purposes set out above.

11. Early Care and Learning Plan

Re: Employee Support Grant (ESG) after June 30, 2019

This Employee Support Grant (ESG) establishes a process under which employees covered by collective agreements between Boards of Education and the Unions shall be entitled to recover wages lost as a result of legal strike activity by the BC Teachers' Federation ("BCTF") or lockout by BCPSEA after June 30, 2019.

1. The ESG will be available provided that:
 - a. A board and local union have a collective agreement which has been ratified by both parties no later than November 30, 2019 and,
 - b. There has been no successful strike vote by the BCTF or local support staff union prior to local union ratification.
2. Employees are expected to attend their worksite if there is no lawful BCTF picket line.
3. Employees who have lost wages as a result of not crossing lawful picket lines during full days of a BCTF strike/BCPSEA lockout shall be compensated. This compensation shall be in accordance with the following:
 - a. In the event that employees are prevented from attending work due to a lawful picket line, employees will be paid for all scheduled hours that the employee would have otherwise worked but for the labour dispute. Their pay will be 75% of their base wage rate.
 - b. The residual 25% of the employees' base wage rate will be placed in a district fund to provide professional development to support staff employees. Funds will be dispersed by the district following agreement between the district and the local union.
4. Within forty-five (45) days of the conclusion of the labour dispute between BCPSEA and the BCTF, boards will reimburse each employee for all scheduled hours for which the employee has not otherwise been paid as a result of strike or lockout.

5. If the employee disputes a payment received from the board, the union may submit the dispute with particulars on the employee's behalf to a committee comprised of an equal number of representatives appointed by BCPSEA and the Unions.
6. If the joint committee is unable to resolve the employee's claim it will submit the dispute to a mutually agreed upon arbitrator who must resolve the dispute within ten (10) days of hearing the differences between the board and the union.

Re: Public Sector General Wage Increases

1. If a public sector employer as defined in s. 1 of the Public Sector Employers Act enters into a collective agreement with an effective date after December 31, 2018 and the first three years of the collective agreement includes a cumulative nominal (not compounded) general wage increase of more than 6%, the general wage increase in the 2019-2022 Provincial Framework Agreement will be adjusted on the third anniversary of the 2019-2022 Provincial Framework Agreement so the cumulative nominal (not compounded) general wage increases are equivalent. This Letter of Agreement is not triggered by any general wage increase awarded as a result of binding interest arbitration.
2. A general wage increase and its magnitude in any agreement is as defined by the PSEC Secretariat and reported by the Secretariat to the Minister of Finance.
3. For certainty, a general wage increase is one that applies to all members of a bargaining unit and does not include wage comparability adjustments, targeted lower wage redress adjustments, labour market adjustments, service improvement allocations, and is net of the value of any changes agreed to by a bargaining agent for public sector employees to obtain a compensation adjustment.
4. This Letter of Agreement will be effective during the term of the 2019-2022 Provincial Framework Agreement.

Refusing unsafe work

Workers have the right to refuse unsafe work. If you have reasonable cause to believe that performing a job or task puts you or someone else at risk, you must not perform the job or task. You must immediately notify your supervisor or employer, who will then take the appropriate steps to determine if the work is unsafe and remedy the situation.

As an employer, workers are your eyes and ears on the front line of workplace health and safety. When workers refuse work because they believe it's unsafe, consider it an opportunity to investigate and correct a situation that could have caused harm.

If a worker refuses work because it's unsafe, workplace procedures will allow the issue to be properly understood and corrected. As a worker, you have the right to refuse to perform a specific job or task you believe is unsafe without being disciplined by your employer. Your employer or supervisor may temporarily assign a new task to you, at no loss in pay.

Steps to follow when work might be unsafe:

1. Report the unsafe condition or procedure

As a worker, you must immediately report the unsafe condition to a supervisor or employer.

As a supervisor or employer, you must investigate the matter and fix it if possible. If you decide the worker's concern is not valid, report back to the worker.

2. If a worker still views work as unsafe after a supervisor or employer has said it is safe to perform a job or task

As a supervisor or employer, you must investigate the problem and ensure any unsafe condition is fixed. This investigation must take place in the presence of the worker and a worker representative of the joint health and safety committee or a worker chosen by the worker's trade union. If there is no safety committee or representing trade union at the workplace, the worker who first reported the unsafe condition can choose to have another worker present at the investigation.

3. If a worker still views work as unsafe, notify WorkSafeBC

If the matter is not resolved, the worker and the supervisor or employer must [contact WorkSafeBC](http://www.worksafebc.com). A prevention officer will then investigate and take steps to find a workable solution.

Note: WorkSafeBC establishes a range of employer and employee rights and responsibilities. Please visit www.worksafebc.com for current information.

Worker Rights and Responsibilities:

On a worksite, everyone has varying levels of responsibility for workplace health and safety. You should know and understand your responsibilities — and those of others. If you're a worker, you also have three key rights.

Your rights

- The right to know about hazards in the workplace
- The right to participate in health and safety activities in the workplace
- The [right to refuse unsafe work](#) without getting punished or fired

Your responsibilities

As a worker, you play an important role in making sure you — and your fellow workers — stay healthy and safe on the job. As a worker, you must:

- Be alert to hazards. Report them immediately to your supervisor or employer.
- Follow safe work procedures and act safely in the workplace at all times.
- Use the protective clothing, devices, and equipment provided. Be sure to wear them properly.
- Co-operate with [joint occupational health and safety committees](#), worker health and safety representatives, WorkSafeBC prevention officers, and anybody with health and safety duties.
- Get treatment quickly should an injury happen on the job and tell the health care provider that the injury is work-related.
- Follow the treatment advice of health care providers.
- Return to work safely after an injury by modifying your duties and not immediately starting with your full, regular responsibilities.
- Never work under the influence of alcohol, drugs or any other substance, or if you're overly tired.

Employer Responsibilities:

Whether a business is large or small, the law requires that it be a safe and healthy place to work. If you are an employer, it is your responsibility to ensure a healthy and safe workplace.

Your responsibilities

- Establish a valid occupational health and safety program.
- Train your employees to do their work safely and provide proper supervision.
- Provide supervisors with the necessary support and training to carry out health and safety responsibilities.
- Ensure adequate first aid equipment, supplies, and trained attendants are on site to handle injuries.
- Regularly inspect your workplace to make sure everything is working properly.
- Fix problems reported by workers.
- Transport injured workers to the nearest location for medical treatment.
- Report all injuries to WorkSafeBC that required medical attention.
- Investigate incidents where workers are injured or equipment is damaged.
- Submit the necessary forms to WorkSafeBC.

Supervisor Responsibilities:

Supervisors play a key role with very specific health and safety responsibilities that need to be understood.

A supervisor is a person who instructs, directs, and controls workers in the performance of their duties. A supervisor can be any worker – management or staff – who meets this definition, whether or not he or she has the supervisor title. If someone in the workplace has a supervisor's responsibilities, that person is responsible for worker health and safety.

Your responsibilities

- Ensure the health and safety of all workers under your direct supervision.
- Know the WorkSafeBC requirements that apply to the work under your supervision and make sure those requirements are met.
- Ensure workers under your supervision are aware of all known hazards.
- Ensure workers under your supervision have the appropriate personal protective equipment, which is being used properly, regularly inspected, and maintained.
