RE: Budget Options
DATE: May 31, 2021

The purpose of this memo is to provide the Board of Education options to consider as it moves into the 2021-2022 Annual Budget debate.

Provided is a list of suggested principles from the Independent Advisor's report that the Board may wish to consider as it evaluates the options attached, or new options that may be provided by trustees. Also provided is a high level cross section of principles presented by Stakeholders at the May 27, 2021 Public Feedback meeting during their presentations as interpreted by the writer. Note, these principles have not been directly submitted by the Stakeholders therefore are open to interpretation and may not be complete.

Each option is laid out in the following format:

- Key characteristics of the Option
- Calculation using the Independent Advisor's \$8.7m deficit starting point
- List of proposed cuts or savings
- Risks

The various options are not exhaustive, rather the options are meant to:

- Promote discussion on what various levels of service cuts/savings, new spending and use of surplus could look like.
- Provide a template for trustees to begin to form their own options, if no options provided are adequate.
- Provide ideas for a healthy balance of use of surplus, savings, investment and reserve.
- Provide ideas for spreading savings/cuts over more than one fiscal year.
- Help the Board move to debate of the three readings of the budget.

The Board may wish to consider moving supplementary motions along with its debate and passing of readings of the budget bylaw. These may include but are not limited to:

- Approving a budget process in early Fall 2021 for the 2022-2023 budget.

The Greater Victoria School District wishes to recognize and acknowledge the Esquimalt and Songhees Nations, on whose traditional territories, we live, we learn, and we do our work.

- Forming Budget Working Groups with Rights Holders and stakeholders to inform the 2022-2023 budget. Working Groups could be established for music education, literacy, and/or other areas of interest and concern for the Board.
- Letter(s) of advocacy to ask the Ministry for increased funding related to the pandemic, contracts, and/or fulfilling the Minister's mandate.
- Making determinations around use of surplus, revenues and expenses should they be higher or lower than projected.

Recommendation:

None. Information only.

The Greater Victoria School District wishes to recognize and acknowledge the Esquimalt and Songhees Nations, on whose traditional territories, we live, we learn, and we do our work.
