Budget Cycle

Operating Expenses

Instruction –relates to **delivery of learning experiences**: Teachers, Principals and Vice-Principals, Education Assistants, technology for the classroom, textbooks, curricular and extra curricular travel

Administration –relates to **running the district**: Superintendent, learning and inclusion leaders, finance, human resources, payroll, software, legal, audit

Operations –relates to the **maintenance and upkeep of buildings, grounds and technology**: plumbers, electricians, carpenters, custodians, groundspeople, computer technicians

Transportation –relates to **getting students to and from school each day** bussing staff, contractors and trips

Operating Expenses

Paying people their wages and benefits takes up approximately **90%** of the budget

Paying for **everything else** (services and supplies) like technology, textbooks, fuel, travel, toilet paper, library books etc takes up the remaining **10%**

Operating Expenses

- Education is a **human service**, therefore most of the wages paid are to people **directly servicing students in schools and classrooms day to day**; teachers, counsellors, Principals and Vice-Principals, Education Assistants and Aboriginal Education Workers. These employees are paid 80% of total wages
- **Supporting and foundational** to classrooms are the secretaries, trades, custodians, computer technicians, superintendent, accounting staff etc.. These employees are paid 15% of total wages
- Finally, when a teacher gets sick or attends a district meeting or a custodian or secretary or education assistant takes vacation, a **replacement or sub** is required to do their work. TTOC's and CUPE Relief employees are paid 5% of total wages

Surplus

Operating surpluses can be restricted or unrestricted

International program is run like a business with students fluctuating and constant recruiting and enrolment balancing efforts. There is no government/ministry money supporting ISP

Inclusion Education –this program holds a contingency for students with unique needs that arrive in SD61 after the September 30 funding deadline and for students identified for supports between April (projected) and September (actual)

Facilities –SD61 is currently undergoing major capital upgrades and navigating increasing enrolment. Replacement schools do not have the same furniture & equipment budgets as new schools, shops need upgrading and technology infrastructure is requiring renewal

Surplus – Year End 2020-2021

- Projected May Budget Process: \$11.9m
- Actual June Year end: \$13.2m
- Net increase: \$1.3m

– \$1.3 m represents 0.6% of operating expenses

Surplus: Change from May to Year End

- **Net surplus increase \$1.3m resulted from:**
 - EA wages underspent (hiring lag) \$780k
 - Holdback Grant increase \$70k
 - TTOC's wages underspent \$165k
 - Departments underspent \$172k
