Subject: Revert to Pre-COVID Practice September 2022: D.3.5 (D.2.9) Carry Over for Secondary Schools

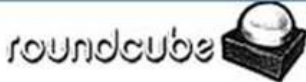

Hello Winona and Ilda,

re: **Revert to Pre-COVID Practice September 2022: D.3.5 (D.2.9) Carry Over for Secondary Schools**

The District will again enable a secondary teacher the ability to roll over a maximum of 2 hours of D.3.5 (from this point forward D.2.9) into the second semester unless the teacher continues with the same student in a yearlong course.

This will be shared with Principals to share with their staffs in September 2022.

Let me know if you have questions.

Dear Colin,		
The Association will agree to the guideline of two hours of D.3.5 being the maximum allowable for high school teachers to take into second semester unless there is reasonable cause to allow more or the teacher continues to have the same student in their classroom.
