OVERAGE DEPENDENT STUDENTS

AGE RESTRICTIONS FOR DEPENDENTS

Extended Health and Dental have age restrictions for dependent children. Once a dependent reaches the age limit, the carrier will forward a form to determine if the dependent can remain on coverage. If the dependent is attending a recognized school, college or university, is not in a common-law relationship or marriage and is financially dependent on the parent(s), the dependent may be covered as an "overage" dependent until the age listed below.

The following are the age restrictions for medical, extended health and dental:

| | Dependent to age: | Overage dependent to age: |
|-----------------------|-------------------|---------------------------|
| Extended Health (PBC) | 21 | 25 |
| Dental (PBC) | 21 | 25 |

CONTINUATION OF COVERAGE FOR OVERAGE DEPENDENT

Extended Health and Dental (PBC)

When the dependent reaches age 21, we will forward a student confirmation form to determine the eligibility of the dependent. If the dependent is eligible, forms must be completed and returned to the Payroll & Benefits Office. If forms are not received by the requested date, coverage will be cancelled on the last day of the child's birth month. Dependents needing individual coverage, should contact PBC directly.

Once a dependent is set up for coverage as an overage dependent, we will forward forms on an annual basis verifying eligibility. To avoid a break in coverage or loss of coverage, it is very important that the forms are completed in full and returned to the Payroll & Benefits office immediately.
