Update #17 – Turf Construction at Spectrum

Photos by Spectrum Student Sawyer Stevens

Over the next week, the turf field construction continues to move forward as planned. Construction crews will continue work on the field drainage system and lighting infrastructure. We appreciate everyone's patience and support as work progresses on the project.

Ongoing site safety measures will remain in place, including maintenance of silt fencing for sediment control and snow fencing to define the work zone. Tree protection fencing will continue to be monitored and maintained as required. A traffic control person will also be present as there will be an increase in construction traffic accessing the site at the Marigold/West Burnside Road intersection.

If you have any questions, please reach out to any of the Admin Team.
