Week 4 Update – Turf Construction at Spectrum

Photos by Spectrum Yearbook student: Ada Butcher

Next week, construction crews will focus on the drainage infrastructure for the new field, including the installation of new manholes and pipe. There will continue to be some deliveries of construction materials that will access the construction site through the school parking lot. We appreciate the efforts of the construction crew to coordinate deliveries outside the before-school and after-school drop-off and pickup windows.

Until the Burnside Road West access point has been created, we would like to remind our community to be careful around the active construction site. Thank you for your patience and understanding as crews still need to access the site through the school parking lot.

If you have any questions, please reach out to any of the Admin Team.
