Week 5 Update – Turf Construction at Spectrum

Photo by Spectrum Yearbook student: Ada Butcher

Next week, construction crews will continue to focus on the drainage infrastructure for the new field, including the installation of new manholes and pipe. There will be some deliveries of construction materials that will access the construction site through the school parking lot. We appreciate the efforts of the construction crew to coordinate deliveries outside the before-school and after-school drop-off and pickup windows.

On Wednesday next week, contractors will begin working on the temporary access point from Burnside Road West near the intersection at Marigold. Traffic control will be onsite and it will take around 2 days to complete the work on the access point. Construction crews will focus their work outside the pickup and dropoff times to minimize disruptions to Spectrum and our neighbouring schools. Thank you for your patience and understanding as there will be some disruptions on Burnside Road West.

If you have any questions, please reach out to any of the Admin Team.
