Week 6 Update – Turf Construction at Spectrum

Photo by Spectrum Yearbook student: Norah Smith

Next week, work will continue on the temporary access road from Burnside Road West near the intersection at Marigold. Access to the construction site will shift to the new access point off Burnside Road West, which will minimize construction equipment and deliveries in the school parking lot. Traffic control will be on-site to support disruptions on Burnside.

Construction will continue to focus on underground and site preparation work. Ongoing site safety measures will remain in place, including maintenance of silt fencing for sediment control and snow fencing to define the work zone. Tree protection fencing will continue to be monitored and maintained as required. We appreciate our community's patience as this important work moves forward and are excited to see steady progress on the project.

If you have any questions, please reach out to any of the Admin Team.
