Week 7 Update – Turf Construction at Spectrum

Photo by Spectrum Yearbook student: Bryss Montibon

Next week, construction will continue to focus on the installation of perimeter drainage and underground infrastructure. Ongoing site safety measures will remain in place, including maintenance of silt fencing for sediment control and snow fencing to define the work zone. Tree protection fencing will continue to be monitored and maintained as required. We like to remind our community to be cautious around the construction site, and that construction traffic will now shift to the Marigold/West Burnside access point.

If you have any questions, please reach out to any of the Admin Team.
