Week 8 Update – Turf Construction at Spectrum

Photo by Spectrum student: Sawyer Stevens

Progress continues on the Spectrum turf project. Construction crews expect to finish up most of the drainage work around the new field early next week. Work on the electrical service is expected to start next week, with deliveries happening early next week.

Ongoing site safety measures will remain in place, including maintenance of silt fencing for sediment control and snow fencing to define the work zone. Tree protection fencing will continue to be monitored and maintained as required. We like to remind our community to be cautious around the construction site and to be aware of construction traffic accessing the site at the Marigold/West Burnside Road intersection.

If you have any questions, please reach out to any of the Admin Team.
